9. QUESTION: (INCLUDE SCENARIO IF NEEDED FOR CLARITY):

if a worker receives a qr7 (data month is Aug '12), the customer does not check the box either "yes" or "no" to question #1, but provides ALL checkstubs and lists ALL checkstubs in question #1, they answer all other questions either yes or no and sign and date the qr7 in Sept. 2012, would this be considered an "INCOMPLETE" or "COMPLETE" QR7?

I read the parareg 227-3G, and it states the question must be fully answered but does that mean it has to be actually checked either yes or no?

10. REQUESTOR'S PROPOSED ANSWER:

I believe this would be considered a "COMPLETE" qr7 since the customer provided enough information to process the qr7 by listing and providing all verification necessary and would process the quarter based on the information provided and signed by customer.

11. STATE POLICY RESPONSE (CFPB USE ONLY):

CDSS agrees with your proposed answer. Manual of Policies and Procedures (MPP) Section 63-508.4 define the criteria that must be met in order for the QR 7 to be considered complete. MPP Section 63-508.441 provides that questions on the QR 7 are considered to be fully answered if information included on the form together with attached documentation provides sufficient data to allow for the determination of eligibility and/or benefit levels.

In the scenario presented, question #1 is considered complete since necessary information was provided on the form and the attached check stubs to determine the recipient's CalFresh allotment. Because all other questions are properly answered and addressed, therefore the QR 7 should be considered complete.
